THE OXFORD PELVIC FLOOR CENTRE MASTERCLASS 2012
Accredited by the Royal College of Surgeons of Edinburgh for up to 9.5 CPD points.

The Oxford Pelvic Floor Centre & Covidien are pleased to announce the 3rd Annual Pelvic Floor Masterclass on Thursday 17th and Friday 18th May 2012, for Colorectal trainees, fellows, nurses and consultants with an interest in pelvic floor surgery. To be held at St. Anne’s College, Woodstock Road, Oxford, OX2 6HS

Topics include:

Faecal incontinence
Sacral neuromodulation
Tibial neuromodulation

Chronic anorectal pain
Pudendal nerve entrapment syndrome
Chronic pelvic pain management

Mini symposium: What is the evidence:
“Towards an algorithm for constipation”
Medical/Behavioural management
Anismus and Botulinum toxin
Neuromodulation
Antiprolapse Surgery
Oxford Constipation Algorithm

Rectal prolapse
Prolapse disease: congenital or acquired?
Defaecating Proctography
History and evolution of Prolapse Surgery

How I do it videos
LA test SNS
LA Botulinum toxin
Starr/TransStarr
Lap ventral rectopexy
Lap modified Orr-Loygue rectopexy
Robotic rectopexy

Troubleshooting
SNS problems & re-programming
Constipation troubleshooting

Panel discussions and difficult cases will augment these sessions.

FACULTY 2012
Mr Sanjay Adusumilli, Sydney
Mr Steve Brown, Northern General, Sheffield
Dr David Burling, St Marks Hospital, London
Mr Chris Cunningham, Oxford University Hospitals
Dr Anton Emmanuel, UCH, London
Mr Roel Hompes, UZ Gasthuisberg, Leuven, Belgium & Oxford University Hospitals
Mr Oliver Jones, Oxford University Hospitals
Mr C H Knowles, Barts & London School of Medicine & Dentistry
Dr Guillaume Meurette, Nantes
Mr Ian Lindsey, Oxford University Hospitals
Mr Klaus Matzel, Erlangen
Dr John Outhwaite, Nuffield Orthopaedic Centre, Oxford
Dr Joan Robert, University Hospital of Geneva
Mr Ed Smyth, Oxford University Hospitals
Mr Juriaan Tuynman, Amsterdam
Mr Tony Dixon, Frenchay & Southmead Hospitals, Bristol
Mr Christopher Chan, Barts & London School of Medicine & Dentistry, London

The course fee is £230 (£180 for nurses). To register and obtain further details, please email francesvalentine@btinternet.com.
Thursday 17th May pm

12.00 Lunch and registration

Rectal Prolapse

12.30 Presentation of difficult cases  
Steve Brown, Sheffield  
12.50 History & evolution of prolapse surgery  
Guillaume Meurette, Nantes  
1.15 Prolapse disease: congenital or acquired?  
Ed Smyth, Oxford  
1.30 Defecating proctography  
David Burling, London  
1.50 Discussion of difficult cases (panel)  
Steve Brown, Sheffield  
2.15 Coffee

Chair: Chris Cunningham, Oxford

Chronic constipation

Mini symposium: What is the evidence and what should be the algorithm?

2.35 Medical/Behavioural: “little role for the surgeon”  
Anton Emmanuel, London  
2.55 Anismus: where does it fit in?  
Roel Hompes, Leuven  
3.10 Neuromodulation: “it’s a motility disorder”  
Charles Knowles, London  
3.30 Surgery: “it’s about the structural anatomy”  
Chris Cunningham, Oxford  
3.50 Oxford Pelvic Floor Algorithm  
Ian Lindsey, Oxford  
4.00 Panel discussion  
All speakers  
4.20 Coffee

Chair: Ian Lindsey, Oxford

Friday 18th May am

8.00 Coffee

How I do it videos

Chair: Chris Cunningham, Oxford

8.15 LA test SNS  
Roel Hompes, Leuven  
8.30 LA Botulinum toxin for anismus  
Sanjay Adusumilli, Sydney  
8.45 Starr/TransStarr  
Steve Brown, Sheffield  
9.00 Lap ventral rectopexy  
Tony Dixon, Bristol  
9.20 Lap modified Orr-Loygue rectopexy  
Ian Lindsey, Oxford  
9.40 Robotic rectopexy  
Guillaume Meurette, Nantes  
10.00 Difficult pelvic floor cases (panel)  
Steve Brown, Sheffield  
10.20 Coffee

Chronic Anorectal Pain

Chair: Oliver Jones, Oxford

4.40 Chronic pelvic pain management  
John Outhwaite, Oxford  
5.00 Does prolapse cause pelvic pain?  
Juriaan Tuynman, Amsterdam  
5.15 Pudendal nerve entrapment syndrome  
Joan Robert, Geneva  
7.00 Drinks & Dinner for faculty and delegates

Faecal Incontinence: Neuromodulation

Chair: Oliver Jones, Oxford

10.40Sacral neuromodulation: “the gold standard”  
Klaus Matzel, Erlangen  
11.00 Tibial neuromodulation: “cheaper is better”  
Christopher Chan, London

Troubleshooting

11.30 SNS difficulties and re-programming  
Joan Robert, Geneva  
12.00 Constipation troubleshooting  
Ian Lindsey, Oxford  
1.15 Close of meeting
